Built-in 3.5D Jack

Connect the KHS-33 or KHS-34 headphone for better use in noisy environments or for private conversations.

*Headphones and earphones are not supplied with the unit.

Built-in VOX

Built-in VOX allows hand free operation which automatically starts transmission in response to your voice when using an external microphone.

Equipped with Micro USB terminal

The standard micro USB port means a smart phone charger can also be used to charge the PKT-23.

Self Programming

User selectable channel frequencies, QT tones, and DQT codes without using an FPU(programming software).

Easy Communication

Light Weight and Simple Operation

Fitting in the palm of your hand, the PKT-23 is easy to take anywhere your staff needs to go. At only 110 g, it can fit comfortably in a pocket or attached with the included belt clip. The front panel button layout makes the PKT-23 easy to operate.

500 mW Transmit Power with Up to 15 Hours of Operation

The PKT-23 offers 500 mWatts of power, for direct radio-to-radio communication on the same frequency. The built-in 1,430 mAh lithium-ion battery provides up to 15 hours of use.

Battery life	
Battery life (5-5-90 duty cycle)	Saver on: 15 hours
	Saver off: 11 hours
Battery charging time	2 hours

8 Channels with Voice Guide

The PKT-23 provides up to 8 channels, allowing you to assign channels to specific team members. The Voice Guide alerts you when you change channels.

Calling Alert

You are alerted to an incoming call by the flashing LED light and a beep.

Multi-coloured LED

Blinking LED lights in 3 colours indicate the PKT-23's transmission status and low battery status.
